TECHFAE

A TECHNOLOGY LIFESTYLE MAGAZINE

Letter of Appreciation

To whom it may concern

This appreciation letter is presented to **Devansh Wadhwa** for participating in TechFAE responsible disclosure program. Through this program, Devansh contacted us to notify of two vulnerabilities with our website namely **Server Side Request Forgery (SSRF)** and **Critical Data Exposure**.
He sent us a detailed report thoroughly explaining vulnerabilities and helped us greatly to fix them. Thanks to his support and expertise, we were able to fix these two vulnerabilites effectively.

He has shown a great knowledge about security and also the ability to report about it in a very professional manner. The work he has done to find and document this security problem has been of great value to us.

Best regards,

Amit Dua
